SYCUAN

Dear Community Partner,

It is an honor to announce and invite you to the 2nd Annual dinner and fundraiser for Saved in America (SIA) to be held on Thursday, November 1, 2018, from 5:00 p.m. to 8:00 p.m. at The Cuvier Club in La Jolla, California. Tickets to the event will go on sale via our website www.savedinamerica.org on September 14th.

Retired Navy SEALs and law enforcement from Saved in America will share the importance of their efforts to assist families and law enforcement in locating runaways and missing children, some of the most vulnerable individuals to fall victim to sex traffickers. The National Center for Missing and Exploited Children estimates that 1 in 7 runaways are likely sex trafficking victims.

To date, SIA has assisted in locating 82 runaway and missing children, of which 60% were recovered before falling victim to sex trafficking. These children were located and recovered at a cost of \$5,000 per recovery, but these heroic efforts are done at absolutely no charge to the families.

This year, parents will also share their stories about working with SIA and the impact that SIA made in their lives and the life of their missing child. We will honor a person that has been a huge support and inspiration with our MISSION: #ChildSavedNotSold Award and give out our first survivor scholarship award to honor a missing child who inspired the founding of Saved in America!

Proceeds from the event will aid SIA's efforts in locating and recovering even more children from San Diego and across the nation. Funds will assist in buying a mobile command center, critical surveillance equipment, as well as help pay for professional services and legal/rehabilitative services for victims.

We will not be able to accomplish our goals without your participation and that of many others. Please review the attached sponsorship and underwriting opportunities. Thank you so much for your time and consideration. Please feel free to contact me via email (info@savedinamerica.org) or phone at 619-504-5577 if you need more information or have any questions.

Best Regards,

Suzi Day

CUVIER CLUB

I share Joseph's dream- ..."to slay dragons and rescue princesses." Our world continues to become a dark place where evil lurks and spreads around us preying on the vulnerable, the innocent, the unprotected. Yet for many, their lives are uninterrupted by the pain, the suffering, the bloodshed, the loss of life, the grief the tears, the sorrow. Then there are warriors, or "dragon slayers," like Joseph and the Saved in America team who take each day as an opportunity to gain ground on the dragons through education, training, awareness and executing tactical operations to save the innocent from a certain and vicious hell.

-Mark Gillespie, TCI
Past President, Texas Association of Licensed Investigators

Excerpt from the Forward of SIA CEO Joseph Travers' book -
Investigation of Missing and Exploited
Children: The Gateway of Child Sex Trafficking
